DETAILED ACTION

This office action is in response to the Amendment filed October 13, 2004, in which claims 1 and 3-17 were presented for examination.

Allowable Subject Matter

Claims 1 and 3-17 are allowed.

The following is an examiner's statement of reasons for allowance:

Claims 1 and 15 are allowable because the prior art of record does not disclose or suggest the combination of determining a first and second resultant values based on the differences between consecutive sensor readings taken over a predetermined period of time and repeating the determining processes for the first and second resultant values if the summed value of resultant values is positive, and classifying the vehicle seat as empty if the summed value is negative and the calculated change is greater than a preset value with other claimed subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
